Ascension Hive

What Does the Founder Do With His Money?

Every investor asks.
Here is the answer.

I Don't Need It

I am 66 years old.

I don't like boats.

I don't want expensive cars.

A nice house costs \$1 million.

The rest?

I have nowhere to spend it.

Bonsai Trees

That is my entire personal wealth plan.
Everything else belongs to the mission.

100% of the 55%

The Trust holds my 55% founder equity.
100% of that Trust is locked in perpetuity.

It cannot be sold.

It cannot be traded.

It cannot be used as collateral.

It funds one thing: the mission.

Educating 500,000 Thai Children

Right now, half a million children in Thailand receive no education.

The Trust builds pods.

The pods teach them to read, to write, to build businesses.

The same system that produces millionaire founders in the West.

Now available to those who have nothing.

Dog Sanctuaries Across Thailand

Every dog chipped.

Every dog vaccinated.

Every dog sterilized.

No more puppies born in the dirt.

No more rabies killing children.

No more suffering.

The Biological Strike Force

2,000 vans.

Laparoscopic surgery.

DNA forensic databases.

Drone capture nets.

Thermal imaging.

We clear provinces in weeks, not years.

We make Thailand rabies-free.

How This Helps the Kids

The same DNA system that tracks dogs tracks supply chains.

The same logistics that deploy vans deploy pods.

The same AI that mentors students monitors biosecurity.

Every business skill learned in the Hive applies to the mission.

The kids run the sanctuaries.

The kids manage the logistics.

The kids build the systems.

The 15% Carry

Every business born in the Hive gives 15% to the Ascension Trust.

55% of that goes to the Founder's Trust.

100% of that goes to the mission.

The more successful the kids become, the more funding the mission receives.

Success breeds mercy.

Mercy breeds more success.

For the Next 10 Years

I will give 100% of my time to Ascension Hive.

I will not have time to spend what I earn.

Every biannual dividend goes straight into the Trust.

I take nothing out.

For the Next 1,000 Years

The Trust does not die with me.

It is structured under Thai law.

It is managed by the Council of Guardians.

It is protected by the Constitution.

It outlasts everyone.

Free Karma

This is not a liability.

It is a story.

A 66-year-old founder.

A thousand-year mission.

Bonsai trees.

Every journalist in the world will write about it.

Every podcast will want the story.

Every family will trust the system.

That is free marketing.

That is leverage.

I Am Not Building This to Get Rich

I am building it because it needs to exist.

The kids need a way out.

The dogs need someone to fight for them.

The system needs to be built.

The money is just fuel.

The mission is the point.

100% of the 55% — Locked. Perpetual. Mercy. Forever.

The 55% is not mine.

It never was.

It belongs to the children who have no schools.

To the dogs who have no voice.

To the mission that must outlast me.

Every dividend, every exit,

every success in the Hive now feeds that mission directly.

The more the kids win, the more Thailand heals.

That is the only return I am building for.
